ACH Group is dedicated to creating opportunities for older people to thrive. We believe growing older is akin to turning a new page and with it comes a sense of great anticipation and optimism

Our focus on innovation and services that respond to changing needs reflects our desire to shift the way the community thinks about older people.

ACH Group's 1700 specialist staff and hundreds of volunteers share our belief that older people should be valued and respected, connected to their communities and in control of their lives. This mindset drives our every action to empower older people, to support them to lead a good life and continue to make a contribution to family, community and society.

ACH Group is a not-for-profit organisation which has been supporting older South Australians since 1952. ACH Group offers a wide range of services including retirement and residential options, domestic, personal and nursing care in the home.

ViTA is a new, state of the art centre that opened in June 2014, bringing together health, aged care and education and is a partnership between ACH Group, SA Health and Flinders University. ViTA offers residential living, and Transition Care for older people, with a focus on Healthy Ageing.

Facilities available at ViTA
