ACH Group has been supporting South Australians to live good lives since 1952. Over the past 65 years we have grown to support more than 25,000 people every year to live the life they want to live, where they want to live it.

As the world of the NDIS opens up opportunities we are here to listen to what is important to you, and help you navigate and plan the range of opportunities available.

We offer advice, and a range of services to help maintain your independence, support you to be as healthy as can be, and offer opportunities to stay connected, take up new interests or learn new skills.
