ARE you finding it hard to get out to do the shopping? Do mum or dad need a hand around the house? When is the right time to consider residential care?

Understanding aged care can seem daunting – but it doesn't need to be.

That's where we come in.

We're excited to launch a new monthly aged care advice blog at lunchtime on Tuesday with experts from the non-profit ACH Group to help you get a handle on your options as you and your loved ones grow older.

ACH Group supports more than 20,000 older South Australians who live either in their own homes, in a retirement village or in residential care – and also have expertise in other relevant issues such as health care and social activities.

So if you've been left wondering about aged care, retirement living or health and wellbeing, submit your questions for Teresa and Katrina and we'll get some answers for you.

Return to Advertiser.com.au from 12.30pm on Tuesday to read our experts' responses to your top questions.

Submit your question now by leaving a comment below or through emailing tiser@theadvertiser.com.au
